EXPERIENCE

Virtual Internship at Bharat Intern Frontend Development

My virtual internship at Bharat Intern for frontend development was an invaluable experience, where I honed my coding skills while working remotely with a dynamic team. It provided me with real-world project exposure and a chance to contribute to web development projects from a distance.

Summer Training with IBM Data Science in Python

I completed a summer training program with IBM in data science, focusing on Python, where I gained valuable insights and hands-on experience in data analysis and machine learning techniques.
